

THIS WEEK AT THE CENTER

January 10-14, 2022

Is it really 2022 or 2020 version 2? Covid variants are emerging as a huge problem again the year. There is major spread in our area due to the Delta and Omicron variants, even among the vaccinated. Because so many of our participants are vulnerable, we are remaining closed to in-person activities until further notice. Our board and staff are monitoring the situation and will base their decisions on the health and safety of our participants. We will continue the food drive thru at least for the month of January. For the safety and consideration of yourself and other, please STAY HOME if you are not feeling great. You may think you are just tired or have the sniffles, but it may be much more. You do not want to get this or give it to anyone else! Wear a mask anytime you are around others, and weigh your risk before going anywhere.

Please consider getting your vaccine or your booster from Chester County Health Department at the Senior Center on Tuesday, January 18th or 25th. The CDC Director announced that unvaccinated people are 17 times more likely to be hospitalized or die from Covid than someone who is vaccinated. Call and leave a message if you need help registering 610-935-1515. To register yourself, [click here](#).

Tax appointments are available. Please call 610-935-1515 and leave a message. Cari will call you back to schedule your drive thru appointments.

We are offering the following activities this week via Zoom. Click [HERE](#) for PASC Zoom classroom. If you have questions about signing onto Zoom, please call and we will walk you through it 610-935-1515.
