

DISCOVER THE COMPASS MEMORY CARE™ & GO *Beyond the Tour*

Our memory care neighborhood is bright, vibrant, and full of activity! The Compass Memory Care at Arcadia may be all of those things, but we believe that memory care is so much more than just a beautiful facility.

You may have toured our community, or you may be planning your first visit soon. Either way, it's plain to see that from the front door to the back porch, every inch of the community has been thoughtfully and intentionally designed. We're proud to say the same about the New Directions program in our Compass neighborhood.

But what about all of that makes The Compass Memory Care at Arcadia the right place for your loved one?

Join us for an informational session as we go "Beyond the Tour" and explore the tenets of the program, learn about the design of the community and day-to-day life, and meet the people behind Compass and New Directions!

*Wednesday, March 8th
4PM - 5PM*

Arcadia at Limerick Pointe
51 West Arcadia Drive
Limerick, PA 19468

RSVP by March 1st
